

The Scituate Conservation Commission and Land Trust Annual Meeting

Forester Marc Tremblay with Conservation Commission Chair Tom Angell

You are cordially invited to the 18th Annual Meeting of the Scituate Conservation Commission and Land Trust. On **Tuesday, July 13 at 6:30 p.m.** at Esek Hopkins Park (at the corner of Battey Meetinghouse Road and Danielson Pike, opposite the State Police Barracks).

We're glad to be back after postponing last year's annual meeting due to the coronavirus pandemic. This year is a special outdoor meeting at the site of our recent timber salvage project. Forester Marc Tremblay will speak about the project and our management plans for this 93-acre property. Marc will lead a brief trail walk after the meeting for those who wish to participate. The 2021 Alice M. Howland Conservation Award will also be presented to a deserving local conservationist at this meeting.

Please join us!
